Dear Ms. Mattice:

Pursuant to Virginia Code § 33.2-3402, for any year in which the Washington Metropolitan Area Transit Authority (WMATA) Capital Fund receives revenue, the Northern Virginia Transportation Commission (NVTC) must certify to the Virginia Comptroller receipt of specified WMATA documents by June 30.

Certain documents must reflect WMATA's most recently audited fiscal year while other documents reflect the next to occur fiscal year. While many of these documents have previously been provided to you as available during the fiscal year, this letter and enclosed index of documents serve to consolidate all request materials. I trust you will find these documents to be responsive to NVTC's needs.

Thank you for your continued support of WMATA. Please contact me or have your staff email Metro_CapitalReporting@wmata.com should you have any questions or need additional information.

Sincerely,

Yetunde Olumide
